

Sheldon High School Varsity Lacrosse

Tysen is a young kid with a TON of raw talent. He is one of, if not the most coachable kids I've ever coached. He's isn't afraid to ask questions about bettering himself and teammates. He is a great player with the ability to use both hands effectively, this is reflected in his dodging and shooting. A HARD right-handed and left-handed shooter. He has the green light from anywhere inside of 18 yards at the high school level. Tysen is an athlete first and foremost, his ability to make plays off of sheer athleticism is something any coach loves having on a roster. He is also very solid fundamentally on the defensive half of the field, making him a formidable 2-way middie. He is always one of the first kids on the field for practice and is always asking to keep a ball bucket so he can get shots in when the day is over. It's easy for a high school kid to develop a huge ego when they are as good as Tysen is, but that isn't the case at all with him. He is a happy kid that all of his teammates love being around. He is one of those kids that smiles every time he steps on the field and loves being with the rest of his guys. I really can't speak highly enough about Tysen; he is an athlete, hard-working, and extremely coachable, everything a coach is looking for.
